SPZ Solutions pvt Ltd.
This company work for brainly.com and our task is to complete the no. of question.
- Help to enchance work manangement.

08/2023 - Present

Gaya, Bihar, India

Web Developer Intern
Razaxe
As a web developer intern at Razaxe Company, I had the opportunity to dive into real-world web development projects. Collaborating with experienced developers, I contributed to front-end and back-end tasks, transforming design concepts into functional web interfaces. I gained hands-on experience with HTML, CSS, JavaScript, and API integration, enhancing both user experience and performance.
- Collaborated with design teams to create responsive and user-friendly web interfaces.
- Integrated front-end designs with back-end functionality, gaining exposure to API usage.
- Played a role in enhancing existing features, optimizing code for improved performance.
- Assisted in troubleshooting and resolving bugs, contributing to smoother user experiences.
